

Career Services Assignment Week 2 – GitHub Profile Setup

Points possible: 50

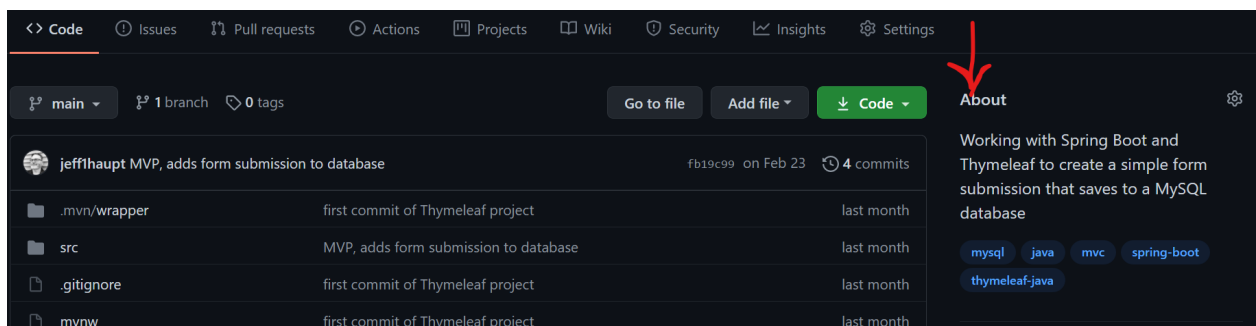

Category	Criteria	% of Grade
Completeness	All requirements of the assignment are complete.	100

Instructions: Follow the steps below to set up your GitHub account profile. After watching the video, *Source Control with Git Overview*, you should have already set up a GitHub account for this program. If you have not setup your GitHub account, review the above video in Week 1's curriculum and set your account up before proceeding with this assignment.

1. GitHub should not be thought of as a resume or networking tool as much as it should be a place to showcase your work and code. To that end, having a GitHub profile that is personalized shows potential employers or clients that you care about your work.
2. Now that you are set up with GitHub, let's get your profile page ready to go!
3. First, upload a high-quality headshot to your profile page.
4. Next, update your profile to discuss what you do and what you are learning. You have to think about this one, because GitHub doesn't give you too many characters to accomplish this task.
5. Follow at least three (3) of your classmates, teachers, or any repository of interest to you.

* I followed a repository. *

6. Go to one of your repositories and update the **About** section to discuss what the purpose of the assignment is and tag the languages used like below:

7. Finally, add a link to your GitHub profile on your LinkedIn page.

Attach Screenshots of Your Finished GitHub Profile Below

The screenshot shows a GitHub profile page for user **jensan97**. The profile includes a circular profile picture of a woman with curly hair, a bio stating "Driven student leveraging studies at Promineo Tech in Front-end software development. This industry excites me and I can't wait to gain more skills.", and a button to "Edit profile". The page also shows "0 followers · 1 following" and "Joined 13 days ago".

The "Popular repositories" section displays five repositories, all marked as "Public":

- jenjenjen**: No description.
- githubtest**: "GitHub gives me the opportunity to develop my own projects and be able to showcase my work and code with others. Resulting in showing potential employers the quality of my work and my work ethic."
- websiteWeekOne-**: "Week 1 coding assignment for front end technologies HTML". Language: HTML.
- codingWeekOne**: "Official week 1 coding assignment website". Language: HTML.
- React-Week-1-**: "React Week 1 Coding Assignment". Language: JavaScript.

The "15 contributions in the last year" section shows a calendar grid with contributions marked by green squares. The grid spans from February to January, with rows for Monday, Wednesday, and Friday. A legend at the bottom indicates "Less" and "More" contributions.
